

SOPHIA HUANG

Boston, MA | 650.666.5157 | huang.sophi@northeastern.edu | sophiahuang.net

Business Administration & Design student passionate about brand identity and product design: building cohesive visual systems transforming business goals into engaging experiences. I can take projects from concept to execution: creating full brand identities (logo, typography, color systems), websites, and ordering interfaces that improve consumer usability.

EDUCATION

Northeastern University - Boston, MA

Expected May 2029

B.S., Business Administration and Design | GPA: 3.8/4.0

Relevant Coursework: Typography systems, Digital design, Intro to Marketing, Microeconomics, Statistics, International Business

EXPERIENCE

Sea Wagyu House - Milpitas, CA

June - July 2026

UI/UX Design

- Designed, prototyped, and shipped the restaurant's website using Figma and Wix, driving 18.7K sessions and 14.6K unique visitors within its first month live
- Built a typography and color system establishing a distinct, upscale visual identity across the site
- Structured content and layout, from wireframe through final build, so the menu and offerings are easy to browse

Graphic Design

- Designed drink menus showcasing the restaurant's curated alcoholic beverage selection, making the menu visually appealing with a refined, upscale aesthetic
- Edited and retouched food photography to elevate visual consistency and quality across the website and marketing materials

Seapot - San Mateo, CA

Social Media Marketing

August 2025 - May 2026

- Directed short-form video and visual content with a consistent brand identity, growing Instagram following by 8K+, reaching 231K accounts, and generating 557K+ views

Graphic Design

- Redesigned restaurant menus into a clear, step-by-step ordering flow: improving visual hierarchy and information architecture to reduce ordering time and improve customer experience

Assistant Manager/Server

May 2022 - August 2025

- Resolved conflicts between staff and customers with a focus on fairness and clear communication, fostering a collaborative, adaptable team culture during high-volume shifts
- Managed multi-table service and POS operations (orders, billing, discounts) with close attention to guest needs, gaining firsthand insight into service workflows, later informing more intuitive menu and ordering system design
- Applied hands on understanding of customer experience and operational flow to brand identity and design work

LEADERSHIP EXPERIENCE

Cooking Club - Belmont, CA

August 2023 - June 2025

President/Graphic Design/Social Media Marketing

- Founded and led a student organization from the ground up, designing all marketing materials- posters, social graphics, and events- to drive participation and engagement
- Managed the club's social media presence and translated complex recipes into accessible, engaging weekly presentations
- Planned and led biweekly cooking workshops averaging 20 members participating in hands on learning and kitchen skill development
